

Godwin Okechukwu

Product Designer

fabianokechukwu6@gmail.com 08068875625 Remote linkedin.com/in/godwinokechukwu/

Professional Summary

UI/UX Designer with 4+ years of experience designing intuitive digital interfaces for web applications, mobile apps, and fintech platforms. Skilled in translating product requirements into user-centered designs through wireframing, prototyping, and high-fidelity mockups. Proven ability to collaborate with developers and stakeholders in remote and agile environments, delivering responsive designs across desktop, tablet, and mobile. Experienced with design systems, Figma, and design-to-development handoff best practices.

Professional Experience

Product Designer (Freelance) Oct 2018 - Present
Upwork & Fiverr | Remote

- Designed end-to-end consumer-facing digital product flows for Android and iOS, resulting in a 30% increase in user activation rates through discovery, wireframing, high-fidelity prototyping in Figma, and engineering handoff.
- Created intuitive booking flows for a digital marketplace, achieving a 22% increase in conversions by validating user journeys through iterative design and usability evaluation across both Android and iOS.
- Translated complex business requirements into scalable, high-fidelity Figma prototypes and design files for international startups, ensuring successful product launches through rigorous design quality assurance and developer-ready documentation.

Product Designer / Product Lead (Part-time) Jun 2024 - Present
Karatek Solutions & Shyne | Remote

- Established scalable design systems using design tokens and reusable components, improving interface consistency and reducing friction in user engagement by implementing clear handoff best practices with engineering teams.
- Facilitated cross-functional alignment on AI-supported product workflows by collaborating with product managers and engineers to align on scope, technical constraints, and design trade-offs during sprint planning and reviews.

Product Designer Oct 2024 - Feb 2025
Great Nigerian Students | Remote

- Accomplished improved usability across key mobile flows, measured by enhanced content accessibility, by applying deep mobile-first design principles across both Android and iOS environments.
- Accomplished faster design iterations and smoother cross-functional delivery, measured by on-time sprint completions, by presenting design rationale clearly to technical teams and reviewing engineering implementation to ensure quality standards.

UI/UX Designer Jun 2024 - Sep 2024
ADM Education & Welfare Society | Remote

- Accomplished improved student engagement, measured by higher platform retention, by conducting user research and refining interfaces based on behavioral insights and interaction design principles.
- Accomplished more accessible learning experiences, measured by positive stakeholder feedback, by creating responsive wireframes and prototypes that adhered to strict usability guidelines.

User Interface Designer
HNG Tech | Remote

Jun 2024 - Jul 2024

- Built scalable UI component libraries and design systems to reduce design debt and improve consistency across multiple concurrent digital products, enabling faster design-to-development handoff.
- Iterated on interface designs through structured critique and collaborative cross-team feedback, delivering high-quality feature rollouts on schedule while maintaining design standards.

User Interface Designer
Zidio Development | Remote

Feb 2024 - Apr 2024

- Accomplished optimized interface conversions, measured by validated A/B testing results, by designing multiple interface variants and actively participating in the evaluation of design outcomes.

Education

Bachelor of Science (B.Sc.) en Education and Mathematics
University of Ilorin

- Jul 2023

Certificate of Assessment en User Interface Design
Institute of Management, Technology and Finance

- 2023

Skills

- User Research
- Figma
- Interaction Design
- Product Strategy
- Design QA
- Engineering Handoff
- Design Tokens
- End-to-end Ownership

Certifications

Certified Innovator – UNDP Youth Empowerment & Development Event
Mastercard Foundation | 2025

User Interface and Experience Expert
Dev and Design | 2025

Certified Product Design Tutor
Nupetech Community | 2024

Certified User Interface Designer
Zidio Development | 2024
