SUMMARY

Product Designer with 4+ years of experience designing and shipping mobile and web products with a strong focus on onboarding, user activation, and conversion optimization. Experienced in end-to-end product design, including user research, UX flows, high-fidelity UI, and data-informed design decisions. Comfortable collaborating cross-functionally to design product-led growth experiences that balance user needs and business goals.

EXPERIENCE

Product Designer (Freelance)

Upwork & Fiverr

Oct 2018 – Present

- Designed mobile and web products for local and international clients, translating early-stage ideas into clean, user-centered interfaces.
- Used tools like Figma, FigJam, Protopie, and Canva to deliver wireframes, prototypes, and design systems.
- Notable wins include improving onboarding flow for a wellness app (+30% activation) and streamlining booking for a beauty platform (+22% conversions).
- Maintained a 5-star rating by consistently delivering fast, thoughtful, and effective design solutions tailored to startup needs.

Product Designer / Product Lead (Part-time)

KarateK Solutions / Shyne (Early-stage startup)

June 2025 - Present

- Designing onboarding and activation flows to help users successfully create and publish portfolios, focusing on reducing friction and improving early engagement
- Iterating on core user journeys using feedback and early usage signals to support product-led growth and retention
- Collaborating with engineers to balance usability, visual clarity, and technical feasibility across the product lifecycle

Product Designer

iQualex Pay ~ Remote

October 2024 - June 2025

- Collaborating with cross-functional teams to design and iterate on user experiences for a fintech product across mobile and web platforms.
- Using Figma and Zoho Creator to develop user interfaces and workflows that align with product goals and improve usability.
- Contributing to the design system and ensuring consistency across digital touchpoints.
- Working under a confidentiality agreement, delivering high-quality designs within scope and startup timelines.
- Supporting both product development and stakeholder communication through thoughtful UX documentation and prototypes.

Product Designer

Great Nigerian students ~ Remote

October 2024 - February 2025

- Contributed to the redesign of key app screens, focusing on reducing visual clutter and enhancing usability.
- Collaborated with a team of designers and developers to ensure a consistent, user-friendly experience.
- Maintained clear communication and alignment across the team throughout the project lifecycle.
- Used Figma to deliver clean, functional layouts that improved navigation and content accessibility.

UI/UX Designer

ADM Education & Welfare Society ~ Remote

June 2024 - September 2024

- Collaborated with a cross-functional team to design intuitive, user-centric interfaces for educational platforms.
- Conducted user research and usability testing to inform design decisions and improve learning experiences.
- Created wireframes, interactive prototypes, and refined UI designs using Figma and FigJam.
- Contributed to projects that improved student engagement and streamlined access to digital learning tools.

User Interface Designer

HNG Tech ~ Remote

June 2024 - July 2024

- Contributed to the establishment of a cohesive visual language across multiple platforms and products.
- Worked closely with UX designers to ensure alignment between UI designs and overall user experience goals.
- Managed multiple simultaneous projects while maintaining high levels of quality in all deliverables.
- Participated in design critiques, incorporating feedback for continuous improvement of UI designs.

User Interface Designer

Zidio Development ~ Remote

February 2024 - April 2024

- Streamlined processes through improved collaboration among cross-functional teams, leading to more efficient project completion.
 - Contributed to A/B testing by designing interface variants and supporting evaluation of results
-
